

ABSORB 200

Technical Information

SUPERABSORBENT FOR CLEANING UP LIQUIDS

What is ABSORB 200?

It is a powerful sand-like absorbent with its own intense characteristic fragrance that absorbs liquids and bad smells.

PROPERTIES

It absorbs all types of aqueous liquids to transform into a semi-solid gel, such as water, vomit, urine, faeces, liquids generated by the decomposition of bodies, aqueous chemical products, colorants etc. When used it immediately absorbs unpleasant odours, leaving a fresh scent. It is easy to use, does not stain and can be used on all surfaces.

ABSORB 200 protects both the environment and the contaminated surface, limiting the spread and penetration of liquids in all media.

WHERE AND HOW IS IT USED?

On all surfaces: floors, thermoplastics, carpets, rugs. Fire engines, ambulances, taxis, buses, boats, trains, planes, cars, hotels, restaurants, bars, clubs, hospitals, clinics, nursing homes, day-care centres, veterinary clinics, schools etc.

Sprinkle over the liquid or matter that is to be absorbed. Wait until gelation occurs (almost instantly). Sweep or clean up the resultant material. Do not dispose of in water or waste pipes.

TECHNICAL CHARACTERISTICS

Form: Granular

PACKAGING

Box of 12 individually packaged 800g units

COMPOSITION

Contains amongst other ingredients: Quartz and Amyl Cinnamal.

PRECAUTIONS

CLP Regulation (EC) n° 1272/2008:

Danger

Hazard statements:

Causes damage to organs after prolonged or repeated exposure through inhalation.
